Subject: Write up for Residential Sampling Protocol and Decision Matrix for Cleaning and Verification
Fruitland Mg Fire Decision Matrix for indoor cleaning and verification.docx

Bill and Charlene,

Attached is the protocol for the decision matrix for the indoor cleaning and verification.

Please forward to whomever you need for review. It would be appreciated to have comments or questions today, so that the UC can sign off tomorrow, and decisions can be made regarding which units need to be cleaned on Tuesday.

Thank you to everyone who worked on this.

The flow chart is in need of an additional edit and hopefully will be available soon.

Regards,

Michelle Rogow
